

NEW ONLINE SERVICE:

<http://citizenaccess.accela.com>

We are pleased to announce the addition of a new on-line permitting service. You may now apply for the following permit types on-line:

Electrical Permit

- Service Upgrades
- Wire A/C
- Meter Change-outs
- Temporary Construction Poles (100 amps or greater)

Gas Permit

- Pool Heaters
- Fixtures/Appliances (existing structures only)
- Tank sets

Mechanical Permit

- A/C Change-outs
- Condenser Change-outs
- Air-Handler Change-outs
- Solar Heaters

Plumbing Permit

- Replace Water Heaters
- Replace Existing Fixtures (excluding Backflow devices)
- Re-Pipe

The process is fast and easy. Find out more details by visiting:

<http://www.hillsboroughcounty.org/pgm/buildingplans/onlinepermitting/>

You must possess a valid Hillsborough County contractor's license and provide your e-mail address and credit card information to apply for permits on-line. This new service is available on the secured site 24 hours a day, 7 days a week.

Inspection Scheduling is now available through our On-Line Permitting System

A one time on-line registration is required before using the on-line inspection scheduler. Inspection requests received by 10 p.m. will be posted on the inspection calendar for the following day or on the date specified by the customer.

save time. apply on-line.
